

半自動打包機 Semi-Automatic Strapping Machine

FK-008/L

FK-008/H

FK-009/H

FK 半自動打包機

特點:

- 1.10秒即熱。
- 2.由專家設計之獨立電路板控制，操作穩定。
- 3.採用電磁離合傳動系統，增長馬達壽命，加快捆包速度。
- 4.特別設計冷卻時間掣，為適應金屬品、木器和硬膠物品等捆包作業。
- 5.FK-009/H型號打包機內籠以密封設計，以防止老鼠破壞機器內電線，適合食物加工行業。

FK Semi-Automatic Strapping Machine

Features:

- 1.Instant Heat up (within 0.1 sec).
- 2.Robust PCB yielding high stabilized operation.
- 3.Electro-magnetic clutch greatly improves motor durability and increases strapping speed.
- 4.Specially designed heat seal cooling timer to suit the packing of metal,wood and rigid plastic,etc materials.
- 5.the complete enclosure design of the FK-009H prevents rats from sabotaging the internal electric wires,which is crucial for food processing industry.

Made in Taiwan

打帶機規格 SPECIFICATION

型號 Models	尺寸 Dimension (mm)			打帶闊度 Strapping Width	網包速度 Strapping Speed	電源 Power Supply	淨重 Net Weight
	長 L	闊 W	高 H				
FK-009/H	895	570	730~830	6-15mm	1.5 seconds	220 V/50Hz,1phase	100kg
FK-008/H	895	570	730	6-15mm	1.5 seconds	220 V/50Hz,1phase	104kg
FK-008/L	1490	570	450	6-15mm	1.5 seconds	220 V/50Hz,1phase	80kg
